

RANGER

ROOTS STEEPED IN RUGGED DURABILITY.

The Ford Ranger is designed to handle whatever you throw at it – or in it. After all, it follows a heritage of proven performers. And like you, Ranger has an unrelenting desire to get out and exercise its freedom for adventure. With 2 available body styles – Regular Cab and Double Cab – and 7 trim levels to choose from, along with 4 engine choices, you're never short on having all the truck you need. And now for the first time, Ranger RAPTOR joins the lineup to add more power, more grit and a whole lot more can-do attitude. Get away – far, far away – in Ranger.

LIMITED. Chrome grille. Chrome mirror caps. 17" aluminum wheels. Shown in Lightning Blue with available equipment.

RAPTOR. Unique block-letter FORD grille. Black mirror caps. 17" aluminum wheels with 33" BFGoodrich® tires. Shown in Conquer Grey with available equipment.

WILDTRAK. Black grille. Chrome mirror caps. 18" aluminum wheels. Shown in Saber with available equipment.

Vehicle imagery throughout this brochure may be computer-generated and may include available and aftermarket equipment. Product availability varies by model. See your dealer for details. BFGoodrich is a registered trademark of Michelin North America, Inc.

RAPTOR

BEAST MODE. FROM RANGER.

Bold design, like the block-letter FORD grille, muscular haunches, and frame-mounted bumper, gives the new Ranger RAPTOR its imposing stature. An ultra-high-strength frame, giant bash plate, and elevated ride height allow it to thrive in environments other trucks wouldn't dare to tread. But the real brawn lies beneath the hood. A muscular 2.0L Bi-Turbo diesel engine delivers robust top-end power, tenacious bottom-end torque and improved acceleration, while a 10-speed auto transmission provides exceptional power delivery and quick gear changes. This Ranger is built to be punished.

LEATHER-WRAPPED SPORT STEERING WHEEL WITH RED CENTERING STRIP / PERFORMANCE INSTRUMENT PANEL / MAGNESIUM PADDLE SHIFTERS / 2.5" FOX RACING SHOX™
/ UNDERBODY BASH PLATE / 33" BFGOODRICH® TIRES / 283 MM OF GROUND CLEARANCE / 32.5° APPROACH ANGLE / 24° DEPARTURE ANGLE / 24° BREAKOVER ANGLE
/ 850-MM WADING DEPTH / 10-SPEED AUTOMATIC TRANSMISSION

FOX Racing Shox is a trademark of FOX Factory, Inc.

ENGINES THAT WORK HARD. AND PLAY HARD.

When work or playtime requires more capable power to haul your entire crew – plus gear – the 3.2L engine cranks out an impressive amount of torque to pull you through. And no matter what you're tasked to move, both 2.2L diesel engines offer plenty of horsepower and torque capable of hauling you and your stuff. The twin turbos of the RAPTOR 2.0L Bi-Turbo diesel engine work sequentially to deliver huge power and torque on demand. You'll need both in the places that RAPTOR will take you.

BUILT TO MASTER THE ROAD. AND FAR BEYOND.

When you have the urge to take the rubber off-road,² Ranger has the means to go beyond the asphalt. Altering your terrain management needs is as simple as twisting a dial thanks to the available shift-on-the-fly 4-wheel-drive system. You can move smoothly from rear-wheel drive to 4-wheel drive without having to stop the vehicle. Add an impressive ride height and wading depth, and Ranger is capable of traversing rugged and washed-out landscapes – increasing its trail-worthiness.

WILDTRAK. Adaptive Speed Control, cab rollover bar and roll-top tonneau cover. Shown in Frozen White with available equipment.

800-MM WADING DEPTH^{1,2}

CARVE YOUR OWN TRAIL

Impressive approach, breakover and departure angles give Ranger the upper hand in situations where less capable trucks fear to tread.

AVAILABLE 4-WHEEL-DRIVE SYSTEM

¹Figures are for LIMITED and WILDTRAK 4x4 models. ²Always consult the owner's manual before off-road driving. Follow all laws and drive on designated off-road trails and recreation areas. Always determine the water depth before attempting a crossing and proceed slowly. Refer to your owner's manual for detailed information regarding driving through water.

OUTFITTER FOR COMFORT.

Even when you're roughing it. Whether it's work or play, well-equipped convenience features offer a comforting experience in Ranger. Courtesy of available leather-trimmed seating with an 8-way adjustable driver's seat, leather-wrapped steering wheel, and rear center armrest. Multiple powerpoints and an available 6-speaker audio system ensure every drive is entertaining no matter how long the journey may take.

WILDTRAK. Push-button start, dual-zone electronic automatic temperature control (DEATC) and SYNC 3. Shown in Ebony Journey Grain leather with available equipment.

¹Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Functionality varies by market. ²Availability varies by market. ³Certain restrictions, 3rd-party terms and data rates may apply. See your Ford Dealer for details. Commands may vary by phone and AppLink software. ⁴Requires phone with active data service and compatible software. SYNC does not control 3rd-party products while in use. 3rd parties are solely responsible for their respective functionality.

FORD CO-PILOT360™ TECHNOLOGY CONFIDENCE COMES FULL CIRCLE.

Backing up. Parking. Holding your own on steep hills. Maintaining a safe distance. Our well-rounded collection of standard and available Ford Co-Pilot360 Technology¹ features can help with these everyday driving situations, and more. Our advanced driver-assist features are about supplementing your driving skills. So you can feel confidently in command on the road.

¹Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. It does not replace safe driving. See owner's manual for details and limitations.

Always consult the owner's manual before off-road driving. Follow all laws and drive on designated off-road trails and recreation areas. Always determine the water depth before attempting a crossing and proceed slowly. Refer to your owner's manual for detailed information regarding driving through water.

STABILITY WHEN YOU NEED IT.

SAFETY WHEN IT COUNTS.

Available Electronic Stability Control (ESC)¹ continually monitors all 4 wheels for loss of traction on loose, uneven or slippery surfaces. The instant it detects the onset of wheelspin, it automatically reduces torque, while braking individual wheels, until grip is regained.

Available driver and front-passenger airbags² help protect front-seat occupants in the event of a frontal collision. While available side-curtain airbags² help protect from side impacts.

WILDTRAK. Assisted Parallel Parking, Autolamp (Automatic On/Off Headlamps), and driver's knee airbag. Shown in Saber with available equipment.

¹Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ²Always wear your safety belt and secure children in the rear seat.

FREEDOM OF CHOICE.

Regular Cab is the perfect choice if your main priority is generous load-carrying capacity, and it gives you more exterior cargo capacity with a 2,317-mm-long bed. Double Cab, with comfortable seating for up to 5 adults, offers the most car-like experience of all the Ranger body styles and is equally accommodating whether you're hard at work or enjoying time off with friends and family.
